

Enhancing Marine Sustainability through Cooperation, Conservation Actions and Marine Debris Reduction

Organizers: MMAF RI and Wildlife Conservation Society

Proposed time

Date : 25 October 2019

Time : 09.30 - 13.00

Venue : Hotel Radisson Blu Plaza, Oslo

Background:

The marine environment faces tremendous challenges and an array of efforts have been carried out globally to reduce the threats and to halt marine environment degradation. The Our Ocean Conference (OOC) is a global event to enhance the collaborations and partnerships between various ocean stakeholders, which can be translated into concrete and actionable commitments. During the event, ocean stakeholders are encouraged to announce their commitments to preserve the oceans' health. Indonesia, as one of the largest archipelagic countries, has shown leadership in sustainable marine resource management through various commitments and efforts on the ground.

Objective:

- To engage with neighbouring countries on the effort to sustain the marine environment through better planning, effective implementation, and enforcement relating to marine protected areas, IUU fishing, and other regional marine issues
- To share the Government of Indonesia's effort and achievements toward sustainable marine resource management and disaster reduction
- To discuss future commitments and the gaps for (1) the creation of effective MPAs and other area-based conservation measures, (2) the reduction of marine debris, and (3) engagement of future generations in striving for sustainable marine resources

Brief Description of Activity:

The session is an open session of short talks which will start at 9:30 am. A series of brief presentations will highlight the path toward achieving Indonesia's MPA targets, other area-based conservation practices in Indonesia, and disaster risk reduction achievements of the Government of Indonesia; these efforts support global initiatives and international goals toward the creation of effective area-based conservation measures for the sustainability of marine and fisheries resources. In addition to these brief presentations, discussion will be driven toward acknowledgement of other area-based conservation measures beyond strict no-take MPAs and the opportunities for shared investments to support other effective area-based conservation measures (OECMs).

Main Target Audience:

- Countries (developing and developed) actively participate in area-based conservation
- Conservation NGOs
- Philanthropies organizations
- Donors/financial institutions

Tentative Rundown and Speakers:

Time Allocation	Agenda	PIC	Note
09.30 - 09.45	Introduction	<ul style="list-style-type: none"> H.E Todung Mulya Lubis, Ambassador Extraordinary and Plenipotentiary Indonesia for Norway (welcoming) Jason Patlis 	<p>Open for public MC: Maria Nareswari</p> <p>Rapporteur: Imam Fitrianto & Ade Wiguna Nur Yasin</p>
09.45 - 10.30	<p>The effort:</p> <ol style="list-style-type: none"> Marine Protected Areas: development and effective management Sustaining the ocean through marine spatial planning and Other Effective Area-based Conservation Measures (OECM) Partnership: overcoming paper parks – lesson learned 	<p>Agus Dermawan Secretary DG Marine Spatial Management</p> <p>Toni Ruchimat Lecturer, Fisheries University Jakarta, Ministry of Marine Affairs and Fisheries</p> <p>Prayekti Ningtias MPA Policy Coordinator Wildlife Conservation Society Indonesia Program</p>	Moderator: Jason Patlis
10.30 – 10.45	Discussion	Jason Patlis	
10.45 – 11.30	<p>Way forward:</p> <ol style="list-style-type: none"> Ocean Forecasting System to Support Maritime Disaster Risk Reduction Initiating MMAF to Reduce Marine Debris in Indonesia Voice from future generation for sustainable marine environment 	<p>Dwi Budi Sutrisno, First Secretary of Meteorology, Climatology and Geophysics Agency</p> <p>Sapta Putra, Deputy Director for Coastal Restoration</p> <p>OYLS Delegate</p>	
11.30 – 11.45	Discussion	Jason Patlis	
11.45 – 12.00	Conferral awards for Youth Conservation Ambassador	Agus Dermawan, Secretary DG Marine Spatial Management	
12.00 – 12.15	Wrap up and closing	Jason Patlis	
13.00 - 14.00	Lunch		Skybar 34 th Floor
